THE ENVOYS SENT BY AGUINALDO.

They Make This Acknowledg-
ment After Seeing That
Otis Was Firm.

OTIS REFUSES SOME REPLIES.

He Will Not Have Anything to Do
With the So-called Filipino
Government.

PROMISE TO GIVE UP AND THEN RESIST.

Rebels on Three Captured Schooners
Violate Their Word—Names of
Gillmore's Men Held Cap-
tives by Insurgents.

Manila, May 3.—There was a confer-
ence lasting two hours today between
General Otis and the envoys who came
here from General Luna bearing propo-
sals for a cessation of hostilities.

General Otis adhered to his refusal to
recognize the so-called government of
the insurgents.

The Filipinos ask for a truce of three
months to enable Aguinaldo to summon
congress and to consult with the insur-
gent leaders on the other islands. The
envoys admitted the contention of Gen.
Otis that Aguinaldo had little control
over the affairs outside of the island
of Luzon. The question of the re-
lease of Spanish prisoners in the hands
of the Filipinos being mentioned, Col.
Argueles, chief member of the deputa-
tion, said he considered them as being
in the same category with Americans, the
United States being the successor of
Spain in dominion over the island and
acquiring by treaty all the Spanish
rights and obligations.

At the close of the conference with
General Otis the Filipino envoys were
in consultation with the United States
Philippine commissioners.

Later in the day the Filipino envoys
abandoned the pretense under which
they came to General Otis, that they
represented General Luna, and they an-
nounced that they came as representa-
tives of Aguinaldo himself.

The emissaries used all their wits to
secure a reply from General Otis to the
letter from Senor Mabina, Aguinaldo's
prime minister and minister of foreign
affairs, in the dictator's cabinet, which
they presented to General Otis Tuesday,
but General Otis refused to make any
reply on the ground to do so would be
equivalent to a recognition of the so-
called government of the Filipinos.

Colonel Argueles says Aguinaldo
knew he would be overpowered in time,
but he would be able to continue the
fight for months, and would do so un-
less he was given what Colonel Argueles
termed peace with dignity.

Mr. Schurman, president of the Unit-
ed States Philippine commission, ex-
presses the opinion that the interview
accorded by General Otis to the Filipino
representatives will have a good moral
effect as tending to convince Aguinal-
do's representatives that the American
authorities mean to give the Filipinos a
good government and not the Spanish
sort.

MORE PEACE TERMS.

Colonel Argueles and Lieutenant Ber-
nal Confer with Otis.

Manila, May 3.—Colonel Manuel Ar-
gueles and Lieutenant Jose Bernal of
the staff of General Antonio Luna, have
returned here to renew and press the re-
quest of General Luna for a cessation of
hostilities. They have found the field
of labor a most uncongenial one. The
two officers were received in conference
by Major General Otis. The proposals
which they had to submit differed but
slightly from those which they brought
from the Filipino commander in the
first place. They desired a little time in
which to summon congress and express-
ed themselves as being confident that
the congress will decree peace because
the people desire it. They represent
that Aguinaldo is without power to sur-
render the army and that the congress
must decide that question. Incidental-
ly the Filipino envoys asserted that
Aguinaldo had not yet made a fair test
of his strength against the American
forces, because only one-third of his
army had been assembled together.

The envoys presented a letter from
Senor Mabini, president and minister of
foreign affairs in the cabinet of Aguinal-
do, and who is the backbone of the
Filipino organization. The communi-
cation is personal and unofficial and
seconded Major Argueles arguments.
The envoys will see General Otis

again today. They slept last night in
Manila. They lunched with General
MacArthur at his headquarters on the
car or armored train at Calumpit, be-
fore going to Manila. Whether or not
General Luna is sincere in his over-
tures, the negotiations are giving the
insurgents a much needed opportunity
to rehabilitate their demoralized forces.
The truth is, that dissensions among
the leaders of the rebels is helping on
the disorganization of the Filipino army
almost as much as the American cam-
paign.

In the course of the conference with
the Filipino envoys General Otis agreed
with the statement of Major Argueles
that the people of the Philippine islands
wanted peace and he added that re-
quests for protection are pouring in
upon him from all parts of the country

PROMISE VIOLATED.

Insurgents Said They Would Surrender
and Then Offered Resistance.

Manila, May 3.—The gunboats Prince-
ton and Petrel have left Manila to pa-
trol the southern islands.

A brief cablegram to Admiral Dewey
from the commander of the Bennington
reports that on April 29 he found three
schooners on the beach at San Jose on
the eastern side of the Island of Panay.
The insurgents promised to surrender,
but during the night they crowded into
schooners and the next day offered re-
sistance. The Bennington shelled the
schooners and trenches in the neighbor-
hood.

The Yorktown Prisoners.

Washington, May 3.—The following
cablegram has been received from Ad-
miral Dewey:

"The following are the Yorktown
prisoners at the insurgent headquarters
at San Isidro: Lieutenant Gilmore,
Chief Quartermaster William Walton,
Sailmakers' Mate Paul Vandoit, Cox-
swain John Ellsworth, Apprentice, third
class, Albert Patterson, Landsman Syl-
vie Brisoese, Landsman Paul Edwards
and Landsman Fred Anderson. Pro-
visions have been sent them by Otis.
Am continuing inquiries as to the fate
of the other seven."

WILL FORCE PAYMENT.

Moorish Government Must Settle Some
Claims of Americans.

Washington, May 3.—Before the de-
parture of the cruiser Chicago from Pun-
ta del Gada, Acting Secretary Allen
sent instructions to Rear Admiral How-
ison, directing him to proceed to Tan-
gier, Morocco. The United States has
several small claims against the Moorish
government the result of the looting of
steamers owned by Americans and of
outrages committed upon Moorish
agents of American houses, who under
the terms of the treaty between the two
governments are under American pro-
tection. The authorities are confident
that the moral effect of the appearance
of the Chicago with a flag officer on
board at Tangier will be excellent and
will hasten the settlement of the claim.
Rear Admiral Howison will consult with
the American consul general at Tan-
gier. No attempt will be made at for-
cible coercion, but the Moorish officials
will undoubtedly appreciate the reason
for the Chicago's visit and probably act
promptly.

Strike Situation at Buffalo.

Buffalo, May 3.—So far as the unload-
ing of grain is concerned there is no im-
provement in the labor situation here.
It is estimated that over 6,000,000 bush-
els of grain are now afloat in the har-
bor and more than 1,520,000 bushels
have been elevated thus far. Henry C.
Barter, general secretary and treasurer
of the International Longshoremen's as-
sociation, is here for the purpose of in-
quiring into the situation.

Big Hide and Leather Company.

Trenton, May 3.—A charter has been
granted by the secretary of state to the
American Hide and Leather company,
with an authorized capital of \$70,000,
\$30,000,000 of which is 7 per cent
cumulative preferred, and \$40,000,000
common. The incorporators are Rob-
ert S. Green of Elizabeth, N. J.; Fred
D. Voorhees and Edward F. Miller of
New York. The company is to manu-
facture all kinds of leather goods.

An Opposition Distillery.

Louisville, May 3.—It is rumored
among whiskey men that the contract
has been let for the building of the long
promised big distillery, to be operated
in opposition to the Kentucky Distill-
eries and Warehouse company, about
which so much has been said. It is now
said that northern dealers and several
mat firms are behind the scheme.

Fire at Philadelphia.

Philadelphia, May 3.—Fire of un-
known origin here destroyed Charles
Bacharach's clothing store. Before the
flames were subdued 15 other buildings,
principally small dwellings in the vicin-
ity were badly damaged. The entire
loss is estimated at \$150,000, covered by
insurance.

Situation Relieved.

Wardner, Ida., May 3.—The presence
of the soldiers has eased the situation
remarkably and the people are gradual-
ly regaining slight confidence, but it is
felt that peace cannot be assured until
more troops are here.

UGHT TO BE CAREFUL!

Any grocery buyer should carefully regard
values, for the little savings are but stepping
stones to success. Home supplies should be
purchased where prices are most reasonable
---where values are greatest. Buying your
groceries here gives you ideal results---each
day and each week. Gives you at all times
the best, but the low prices that always pre-
vail here enable you to reduce the outlay---
place you in position to add to the savings.

Using Good Flour....

Is using good economy, as well, and then
there's a satisfaction in always having white
flaky bread. We ask no higher prices for
good flour than you are often asked for in-
ferior qualities, and we guarantee results.
Delicious bread is always certain if you use

Publisher Felton Dead.

New York, May 3.—Edward R. Fel-
ton, formerly a well known publisher of
this city, is dead. For 40 years he pub-
lished the Electric Magazine.

An Ex-soldier in contributing
notes of the field sports at the
barracks Monday afternoon writes:
"Much credit is due the command-
ing officer, Lieut. Jenkins, for his
untiring labors to make the life of
a soldier one of pleasure as well
as duty toward his country, and
it is fully spoken among the men
that since the departure of their
former commanding officer, captain
now Major Merrill, that a soldier's
life at the Key West barracks in-
stead of being one of drudgery and
fear is one of happiness and pleas-
ure."

This speaks volumes for Lieut.
Jenkins. When a commanding
officer has the esteem of his men,
more can be accomplished with a
single company, than by a brigade
of dissatisfied men.—Key West

WORKERS INSTITUTE.

PROGRAM FOR NEXT MEETING TO
BE HELD WITH PEACH CREEK
CHURCH, JULY 28, 29 AND 30.

The Workers Institute of the
Bryan Baptist Association met
with Providence church Friday,
Saturday and Sunday.

FRIDAY.

The house was called to order
by the moderator, D. S. Lloyd of
Reliance, after which a prayer
service was held and the meeting
adjourned for dinner.

At 2 o'clock the moderator called
the Institute to order, and read a
scripture lesson.

Prayer was offered by Rev. R.
D. Wilson of Bryan.

The election of officers was had
resulting as follows: Rev. G. A.
Foster, moderator; T. T. Goodwin,
secretary.

The first and second topics on
program were passed.

Third topic, "Exegesis of Rev.
22-17," was taken up and discussed
by Dr. F. M. Law and Rev. S. R.
McClung.

The fourth query was passed.

The fifth topic, "Discussion of
Associational Missions" was pre-
sented by F. M. Law, D. S. Lloyd,
Rev. R. D. Wilson and C. P.
Fountain.

The sixth, seventh and eighth
queries were passed, and the
ninth topic, "Who is a good Soul
Winner?" was discussed by Rev.

J. M. Bullock, E. D. Shirley, Rev.
R. D. Wilson and Dr. F. M. Law.
Sixth query, "Divine Owner-
ship," was taken up and presented
by Dr. F. M. Law.

Adjourned until Saturday morn-
ing.

SATURDAY.

After the choir had rendered
some excellent music, Rev. S. R.
McClung was appointed moderator
pro tem.

The sixth topic was resumed
with further discussion by Dr. F.
M. Law, S. R. McClung and Rev.
R. D. Wilson.

Prayer was offered by Rev.
Wilson.

Adjourned for dinner.
The repast was simply abundant
and of the finest quality and
culinary excellence.

At 1:30 the members of the
board present and others passed
the following resolutions:

"Resolved that Rev. J. M. Bul-
lock and Rev. G. A. Foster be ap-
pointed a committee to confer with
the pastors of the churches of the
association in regard to the desti-
tution within its bounds, and by
volunteer collections taken, to as-
sist in relieving said destitution."
This action is taken in view of the
fact that we have no missionary.

Rev. J. Mc A. Black of Mad-
ison county lectured on "Christian
Education" and took up a collec-
tion of \$12.00 in this behalf.

Rev. Black preached at Provi-
dence schoolhouse Saturday night.

SUNDAY.

After a song by the choir, the
moderator called the institute to
order and a prayer service was
held by Rev. Black.

At 11 o'clock Rev. J. M. Bul-
lock preached a missionary ser-
mon, an able discourse which was
timely and well received.

A collection of \$11.71 was taken
up for associational missions.

The committee on program re-
ported as follows:

joining the church. There was an
abundance of good things, more
than enough for all present, made
doubly tempting by the generous
hospitality of the people of the
community.

The evening was spent in sing-
ing nearly every choir in the coun-
ty being represented.

PORTO RICO IS A
PROSPEROUS ISLAND.

Soon Will Have First Class Postal Ser-
vice, Good Roads and Many
Other Improvements.

San Juan, May 3.—Porto Rico will
soon be enjoying a first class postal ser-
vice. First Assistant Postmaster Gen-
eral Perry Heath, who arrived here a
fortnight ago, and who on April 27,
left for the United States by the Cara-
cas, has visited every nook and corner
of the island, accompanied by Captain
W. H. Elliott, director general of posts
in Porto Rico and Inspector Moore,
to get an intelligent notion of the
needs of the island in this respect. Un-
der the new system, domestic and inter-
national money orders will soon be is-
sued at all the offices. San Juan, Ponce
and Mayaguez, will have free delivery,
the mails will be transported across the
island by new and up-to-date equipment
and the entire management of the postal
service will be centered in the di-
rector general's office here. The new
system will be a miniature of that in
vogue in the United States. Captain
Elliott will have the exclusive control
of more than 70 minor offices, will
employ his own men, make the mail
contracts and audit the accounts of the
various branches. There will also be a
dead letter office in San Juan.

It is expected that the postal service
will be self sustaining. A considerable
sum has, of necessity, been spent from
the present proceeds in converting the
unsightly and unhealthy "correas" of
the Spanish administration into the at-
tractive and sanitary postoffices with
which all Americans are familiar. Nor
has this been a small undertaking.

The new postoffices of the director
general are the delight of Americans
travelling in Porto Rico. Over the door
will always be found the flag of the re-
public, while within and without new
paint and attention of cleanliness have
made a most inviting stopping place for
the traveler. It is the hope of the di-
rector general to restore the confidence of
the Porto Ricans in the postal service
which, under the Spanish regime, could
not be trusted with valuables. So re-
liable has the money order service
proved that this branch has increased
wonderfully among the native popula-
tion.

Mr. Heath speaks in the highest terms
of the Porto Ricans and is enthusiastic
over the future of the island. He favors
its rapid Americanization and the in-
roduction of American laws and methods,
advocating the employment of intelli-
gent Porto Ricans in the various post-
offices under the direction of experienced
American officials. He has entire con-
fidence in Captain Elliott's ability.

Like every American who travels
through the interior of the island, Mr.
Heath has been emphatic in expressing
his admiration at the great improve-
ment in the roads since General Guy V.
Henry, military governor, established
the policy of employing Porto Rican
laborers for road making. This branch
of the work of the military
administration has been in charge of
Major Hills, assisted by Senors Don
Enreh and Rodriguez, capable native
engineers. Where there were impass-
able roads last year, the traveller may
now speed his coach and the peon drive
his ox cart, heavily laden with the pro-
ducts of the field, to the ports and towns
nearby.

The possibility of distress has been
avoided by the employment of native
laborers who might have suffered on
account of the bad conditions of the
plantations after the war. At no time
has there been any actual distress. On
the contrary Porto Ricans need never
suffer for want of food, as nature sup-
plies it bountifully.

The Porto Rican is an industrious
man, quite unlike many of his neigh-
bors in adjacent islands. The peons and
workmen employed upon the roads re-
ceive 50 cents a day, Porto Rican money,
which is about equivalent to 30 cents
American money and with this daily
wage they are content. Indeed the
roadmaking working has proved one of
the wise acts of the statesmanship
and will soon demonstrate its beneficial
effect in helping to solve the problem of
government and trade betterment in
Porto Rico.

The Face and Complexion

The face and the chief features which give expression to
it are usually looked upon as being the chief embodiment
of physical beauty. The complexion or color of the skin
covering the face is essentially due to the quantity, ve-
locity and quality of the blood flowing through the capil-
laries. The great safeguards are regularity of habit and
avoidance of excess in diet, and in the use of stimulants.
The circulation should be kept right by exercise and
bath, and avoid the use of common though harmful face
powders. To materially enhance the beauty of the com-
plexion we recommend

HOOR CHANGED.

Allen Academy Meeting to be Held Friday Afternoon.

The Eagle has been requested to announce that the hour for holding the Allen Academy meeting has been changed from 8 o'clock Friday night to 5 o'clock Friday afternoon at the opera house. This time is thought to be most convenient for the business men and all others interested in the matter to attend. In this connection we desire to urge the importance of attending this meeting upon all who are interested in the welfare of the town. The enterprise is for the public good and we hope and believe a united effort will be made to secure the Allen Academy for Bryan.

Paper for Anderson.

The Eagle has sold the remainder of the material composing the Brazos Blade office, and originally used in the publication of the Hearne Advocate, to Mr. W. H. Hodge who yesterday moved the outfit to Anderson, Grimes county, where he will at once establish a weekly newspaper. Mr. Hodge is a newspaper man of ability and experience and the Eagle believes he will meet with success. Anderson is enjoying something of a boom, as a result of the proposed railroad from Stoneham to that point.

Evening Card Party.

Mrs. G. S. Parker entertained a merry party of young people at her pretty home in the southern part of the city last evening complimentary to Miss Josephine Clark, Miss Lucy Bryan and Miss Frances Parker. Rose decorations prevailed throughout the handsome apartments down stairs. The guests were entertained with progressive euchre followed by dancing. Ices, strawberries and other light refreshments were served.

The Eagle is pleased to note from the Waco Telephone that Mr. Edward Hall has purchased the business of Gray, Smith & Allen, dealers in fine groceries, at Waco. The Telephone speaks in highly complimentary terms of Mr. Hall.

D. M. Shannon, Mrs. Jim Shannon, Miss Missie Shannon, A. M. Hill, Bob Allphin, Plummer Flint, W. L. Clark, Jim Donaho, R. P. Turner and others were here from Madison county yesterday.

C. F. Thompson, a well known merchant of Leona, Leon county was here yesterday accompanied by L. D. Thompson. They bought a large lot of chickens and eggs.

STRUCK BY LIGHTNING.

Steel Rod of an Umbrella Causes a Girl to Be Badly Hurt.

New York, May 3.—During a violent thunder storm here lightning struck Sadie Tunic, a Russian girl, 13 years old, while standing on Canal street. The bolt was attracted by the steel rod of her umbrella. She was taken to a hospital where it was found that she was badly burned about the abdomen, right leg, both wrists, nose and right cheek and that she was suffering from the shock. Radiating downward from the upper part of the breast were a half dozen marks scored in the skin, while around each thigh and extending to the knee were a series of rings. Round each wrist and not unlike a bracelet tattooed in the skin were two rings. Her clothing was untouched. For nearly an hour after her admittance to the hospital both of her legs were paralyzed, but she has recovered the use of these members. The girl said that she did not have any pain at the time.

The physicians do not believe she will recover, and they are greatly surprised that she was not killed outright.

Canal street was crowded at the time and the bolt descended and created great excitement among the people.

TO AVOID LYNCHINGS.

Representative Morris of Georgia Believes He Has a Remedy.

Atlanta, May 3.—The lynch law question will be one of the subjects of discussion at the next session of the Georgia legislature. Representative Morris from Cobb county says he has solved the problem and will introduce a bill upon the subject at the next meeting of the general assembly in October. Mr. Morris' bill provides for trial of the accused within five days after arrest, and upon conviction the measure provides for public hanging five days after. A unique provision of the act is the testimony of the assailants' victim may be taken in private by a special commissioner in the presence of the accused, the whole trial being in progress.

The bill makes every provision for a speedy trial, including the filing of a bill of exceptions, and the special convening of both district and supreme courts if necessary. The sheriff will be entrusted with the person accused during the trial.

STUART TO BLAME.

Caused the Powder Explosion at the Dupont Powder Works.

Washington, May 3.—Investigation of the explosion at the Dupont Powder works by which Captain C. E. Stuart of the army and five civilians lost their lives, is being made by Major Smith under instructions from the war department. The deaths of all who were with Captain Stuart at the time of the explosion make it difficult to get at the cause, but the facts show that the army officer was killed by his own invention. It has been the practice of the department to place wet gun cotton in zinc cases and load them into projectiles, but Captain Stuart conceived the idea of pressing the gun cotton into the shell by a hydraulic hammer. He obtained the necessary appliances and began to load an 8-inch shell with a charge of gun cotton, when the explosion occurred.

SCHOONERS WRECKED.

Three Go Ashore Off Cape Cod on Account of Foggy Weather.

Highland Light, Mass., May 3.—As a result of the foggy weather and a brisk north easterly wind three schooners lay stranded on Cape Cod. The crews escaped.

The large three-masted schooner Alice Phillips of New Haven went ashore at Race Point. The schooner Robert Byron is on the beach at Crow Hill just west of Race Point life saving station. Both schooners are well upon the shore. Schooner Helena from Maine Port for the south with a cargo of fishscraps struck on Peaked hill bars. She is in a bad position, especially as the force of the gale and sea are increasing. The life savers of Race Point and Peaked hill bars stations have gone to the wrecks.

Jealous Husband In Trouble.

Collinsville, Ills., May 3.—L. D. Ballard was bound over here on a charge of shooting his mother-in-law and John Brown. Ballard's wife had refused to live with him, and it is charged that, enraged with jealousy, he sought her at her mother's home Sunday night for the purpose of killing her. His mother-in-law and Brown interfered, and both were shot, the latter being quite seriously wounded. Ballard is now in custody at Edwardsville.

Kentucky Monument Dedicated.

Chattanooga, May 3.—The beautiful granite monument, erected by the state of Kentucky at Chickamauga park, was dedicated this afternoon with impressive ceremonies. Governor Bradley, his staff and other prominent Kentuckians, were present. The monument which is the handsomest in Chickamauga, was erected in the memory of Kentuckians who wore the blue and gray, both sides being equally represented in the inscriptions.

May Fight at Denver.

Denver, May 3.—The manager of the Colorado Athletic association says the Fitzsimmons-Jeffries fight will take place at Denver. He has offered a purse of \$20,000, and has received a dispatch requesting him to go to New York to arrange details. The law recently passed by the legislature permits the fight in Colorado.

TAKES UP THE ANTITRUST BILL.

Senate Devotes a Day to the Discussion of This Great Measure.

SOME AMENDMENTS VOTED DOWN.

Various Speeches Were Made on the Measure, but Little Progress Made—Pending Business.

APPROPRIATION FOR STATE UNIVERSITY.

The House Places the Sum at \$35,000 Per Year—Other Measures Disposed of by the Senate and House.

Austin, May 3.—After preliminary business was disposed of in the senate yesterday the chair laid before the senate the pending business, the antitrust bill, with amendment and substitute by Greer and Turney respectively, pending.

Greer's amendment provides that this act shall be construed to apply to all pools, trusts, agreements, combinations, confederations or understandings, whether made in or out of Texas, if to be executed, performed or applied in whole or in part in Texas, but it is not to be so construed as to apply to such above contracts, agreements and understandings made elsewhere and to be executed and performed wholly outside of Texas and with respect to commodities and property situated within this state.

Turney's substitute provides that the provision of this act shall not affect any agreement concerning insurance nor insurance rates made beyond the limits of this state and which are intended to affect and operate upon property outside of this state and which was not made concerning nor for the purpose of affecting, controlling nor operating upon any insurance nor insurance rates in this state, nor which could in fact affect nor be construed as affecting nor in anywise operating upon any insurance or insurance rate within this state. provided such agreement was and is lawful in states, territories and countries when entered into or intended to be put into effect or actually put into effect and operative.

Mr. Turney and Mr. Grinnan then made speeches on the bill and the debate rested until in the afternoon.

Mr. Gough called up the privileged motion and moved to concur in house amendments to his Missouri, Kansas and Texas railway consolidation bill. The motion to concur prevailed by a vote of 23 to 0.

Mr. Stafford secure postponement of pending business and consideration of his bill providing for the organization of corporations for the purpose of storage and transportation and purchase and sale of oil and gas. The bill finally passed.

The senate also concurred in the house amendments to the Houston city charter bill.

The senate resumed consideration of the antitrust bill at the beginning of the afternoon session.

Mr. Greer withdrew his amendment and asked that the Turney substitute be adopted.

The substitute was lost by a vote of 8 to 11.

Mr. Linn offered an amendment which has the effect of providing that combinations, pools, etc., shall not be subject to this law, unless they are organized for the purpose of regulating and controlling the prices of commodities, etc., within this state.

Mr. Atlee offered a substitute for Linn's amendment, having its same purpose, but being more explicit and covering the ground better.

The substitute was lost by a vote of 9 to 12.

Linn's amendment was lost by a vote of 5 to 15.

Mr. Davidson offered an amendment providing that the refusal to make oath in answer to an inquiry, or on failure to do so within 30 days from the mailing, shall be prima facie proof that such incorporated company is transacting business in the state of Texas, and has violated the provisions of this act every day after the expiration of 30 days from the mailing of said letter of inquiry.

Burns offered an amendment to the amendment striking out 30 days and inserting 60 days. Lost by a vote of 10 to 11.

Davidson's amendment was adopted by a viva voce vote.

The house devoted the morning session to the general appropriation bill and the amount for the University of Texas was placed at \$35,000 annually.

The house bill to authorize the Houston and Texas Central railroad to purchase and operate the Central Texas and Northwestern, the Fort Worth and New Orleans, the Lancaster tap, the Austin and Northwestern and the Grand its Mountain and Marble Falls railroads was passed after the adoption of several amendments.

Several other bills were disposed of.

A STEEL TRUST.

Such a Combination Is in Formation at New York.

New York, May 3.—Representatives of some of the largest steel concerns in the United States met in an uptown hotel Tuesday evening and talked over plans for the proposed combination to be capitalized at from \$700,000,000 to \$800,000,000. What passed during the conference was carefully guarded and some of those present denied later that such a meeting had even been held, although it was said on direct authority that the combination's plans had at least been well advanced toward consummation. One of the men who attended afterward expressed surprise when told that such a meeting had been in progress.

"The steel men," said he, "have been for some time trying to harmonize their interests so that they could make more money, but I know of no intention of such a combination spoken of, however, it is not impossible. In these days of big business enterprises there is no telling what may happen."

The statement was repeated that the Federal Steel and the Republic Steel companies might go into the combination, but representatives of both denied all knowledge of such a move.

John W. Gates, president of the American Steel and Wire company stated that so far his company had nothing to do with the proposed combination, whatever might happen in the future.

Democrats Won.

Baltimore, May 3.—One of the most exciting campaigns in the history of Baltimore resulted Tuesday in a Democratic landslide. Thomas G. Hayes was elected mayor by nearly 9000 majority over William T. Malster, Republican, the present incumbent, while his running mates, Skipwith Wilmer, for president of the second branch of the city council and J. H. Smith, for controller, were chosen by practically the same figures. In addition to these candidates at large the Democrats elected all of their candidates for the second branch of the city council and 18 of the 24 members of the first branch.

Light Sentence for Murder.

Breslau, May 3.—The trial of Herrmann, charged with the murder of his three wives, whose bodies he was said to have walled up in a cellar, has been concluded. He was convicted of manslaughter and sentenced to 15 years imprisonment and 10 years loss of civil rights. In addition to the murder of his wives, Herrmann was charged with having caused the death of his 12 children, who all died young. It is asserted that they were poisoned with cyanide of potassium.

The Same as a Trust.

St. Louis, May 3.—In the circuit court of appeals with Judges Bland, Biggs and Bond on the bench, a unanimous decision was made in an appealed case to the effect that a trust cannot cloak its objects under the form of a corporation and evade the penalties provided for the violations of the Missouri antitrust law of 1891. Under this decision accounts with trusts operating as corporations in Missouri, are not collectable.

Insurance Companies Returning.

Little Rock, May 3.—There has been a break in the insurance situation here. Four of the old line companies announced that they would at once resume business in this field. All insurance desired can now be obtained and it is believed that in a short time all the companies which recently withdrew will be doing business in compliance with the new law.

In Extra Session.

Montgomery, Ala., May 3.—The general assembly met in extra session Tuesday and organized with the same officers who were reelected at the regular sessions. Every member of the house except two answered when the roll was called. Thirty of the 33 senators were present. The legislature will deal only with the constitutional question.

Two to Retire.

Washington, May 3.—Colonel John M. Bacon, commanding the Eighth cavalry and Lieutenant Colonel Henry Carroll of the Sixth cavalry will be retired this month on their own applications after 30 years of service. Each held the volunteer rank of brigadier general during the war with Spain.

Entered Plea of Guilty.

Jackson, Miss., May 3.—Martin L. Reddock, the defaulting postmaster at Yazoo City, appeared before the Federal court and entered a plea of guilty to all indictments against him. Reddock is short about \$2300 and in addition forged six money orders. He was at one time a prominent politician.

Reported Sugar Combination.

New York, May 3.—It is said a new sugar combination has been formed with Maryland and New York capital. The Arbuckles, Mollenhauer and Doscher are said to be interested. Havermeyer has nothing to say regarding its probable effect on the sugar trust.

Another Company Formed.

Trenton, May 3.—Articles of incorporation of the Republic Iron and Steel company, have been filed with the secretary of the state. The company has an authorized capital of \$30,000,000; \$25,000,000 preferred, with 7 per cent cumulative dividends.

Fourth Attack of Measles.

Gainesville, Tex., May 3.—What is regarded as unusual in contagious diseases is the case of County Clerk Thompson's wife, who is now suffering from her fourth attack of measles. Mrs. Thompson is not dangerously ill, but she is quite sick.
